The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the ninth house, which is called the house of fortune (Bhagya). Besides, this house has governance over line of descent, father, preceptor, deity, past destiny, virtuous deeds, prayer, worship, auspiciousness, etc. In case of male persons, it rules over grandchildren and in case of female persons, it rules over the prospect of begetting progeny. This is a highly favourable position and you will be exceedingly fortunate. You will be close to your father, will be religious minded, take part in religious activities and will remain engaged in performing virtuous and philanthropic deeds. You will be a learned person, study sacred classics, take part in religious discourses and will treat preceptors and pious people with great respect. You will live a long life which will be full of peace, happiness and satisfaction; your children will be worthy and dutiful while your grandchildren will be a source of pride and joy. As this house also rules over long/ foreign journeys and pilgrimage, you will have many such journeys on academic, cultural or religious errand and may visit various holy pilgrim centres. People will treat you with great respect and seek your valuable advice and guidance. If your Ascendant is Leo or Aquarius, then as your Ascendant-lord will be exalted, you will be highly fortunate.

Lord of 2nd House

In your chart, the second-lord is situated in the ninth house, which is called the house of fortune (Bhagya). This gives rise to an auspicious 'Dhana Yoga' and you are a person who is fortunate for having been born with the 'Midas-touch'; almost whatever you will lay your hands upon will turn into proverbial 'gold'. You will be running brisk businesses and may have large gains through foreign trade or through foreign collaborations. You will amass wealth and lead your life in comfort and luxury. You will be religious-minded, will perform religious rites, study the ancient classics and visit many holy places of pilgrimage. If the 9th-lord is also strong or if a natural benefic planet is situated in the 9th house or aspects it, you will have all-round prosperity and will be fortunate in respect of having worthy and dutiful children. If a natural malefic planet who is neither exalted nor in own house is with the 2nd-lord, then your father may suffer from diseases and he is likely to face financial problems after facing a set-back of serious sort.

Lord of 3rd House

In your chart, the third-lord is situated in the eighth house, which is called the house of longevity (Ayus). If the Ascendant is Leo, the 3rd-lord becomes exalted in the 8th and if the Ascendant is either Virgo or Pisces, the 3rd-lord becomes placed in own sign when it is situated in the 8th. But if your Ascendant falls in any other sign, unless the 8th-lord is well-placed, it is not favourable for the well-being of your younger co-borns and it will give unfavourable results as it may make you prone to face accidental mishaps or untoward happenings of a rather serious nature, for which you should remain very careful and cautious; however, if a natural benefic is situated in the 8th or aspects it, then the intensity of the affliction gets considerably mitigated. The 3rd-lord in 8th indicates a dare-devil nature, gives love of adventurous and hazardous pursuits and makes one fond of playing with deadly arms; all these make one prone to grave risks of being seriously injured. On the good side, it makes you highly spirited, courageous and active; you may do well in active services and for your noteworthy deeds, you might suddenly be shot to prominence.

Lord of 4th House

In your chart, the fourth-lord is situated in the eighth house, which is called the house of longevity (Ayus). You must need to be specially careful when you will be crossing over the bridges or will remain on or over the surface of large watery bodies like lakes, rivers, etc -- more so if you are a male person. This position is never good as chances of drowning is feared -- which may even lead to tragic death prematurely -- unless modifying combinations are present in the chart. Worst becomes the case if the Ascendant is Aries as the 4th-lord Moon, becomes debilitated in the 8th. However, the condition will be considerably improved if Jupiter or Venus is situated in or aspects the 8th house while opposite would be the result if the 8th house is influenced by a natural malefic planet. If the Moon is either associated with or aspected by a natural malefic planet, you may lack peace of mind altogether and the health of your mother might cause you serious concern. If Mercury is ill-placed, education might be affected; but if Mercury is well-placed, it will give 'application-oriented' education and you may have interest in occult subjects. If Mars is associated with or aspected by a natural malefic planet, there could be quarrels in your family and chances of losing property through impetuous capturing, litigation or calamitous happening will hang on.

Lord of 5th House

In your chart, the fifth-lord is situated in the fourth house, which is called the house of happiness (Sukha). Besides, one of the main attributes of the 4th house is education while the chief attributes of the 5th house are intelligence, merit, etc. You will be intelligent, meritorious as well and will be fortunate in respect of having good education with honours/ distinction. The 5th-lord situated in the 4th will give you 'application-oriented' education; you might acquire a prestigious professional qualification -- more so Mercury is also well-placed. As the 5th house rules over rank also while from the 4th house the aspect falls on the 10th which is the house of profession, you will be a person of rank in service. If the 11th-lord is also well-placed or if a natural benefic planet is either situated in or is aspecting the 4th or the 5th or the 11th houses, then you are likely to secure a position of rank and remuneration and enjoy a high status. Since the 4th house is the 12th (or Vyaya) from the 5th, if you are a male person, then this position is not favourable for child-birth -- more so if the 4th-lord is a natural malefic planet or a natural malefic planet is also situated in the 5th. If Rahu or Ketu is also situated in the 5th house, although it is sure to give academic or professional distinction, it will also cause difficulty in child-birth and give more daughters.

Lord of 6th House

In your chart, the sixth-lord is situated in the second house, which is called the house of wealth (Dhana). The position is favourable if the 2nd-lord is well-placed or if a natural benefic planet is situated in the 2nd house or aspects it. You may secure a lucrative employment in a big organization and will have cordial relationships with your relatives -- particularly, with maternal ones. This combination may help you to secure employment in a financial institution if the 10th-lord or Jupiter is also well-placed. If the 7th-lord is well-placed and a natural benefic planet is in the 2nd house, you may be in business. As the 6th is the 10th from the 9th while the 2nd is the 6th from the 9th, your father might be or have been in lucrative employment as well. As the 6th is the 12th from the 7th, you may have gains from your spouse or from business-partner -- if any. Since the 6th is the 2nd from the 5th, your children may assist you to increase your family wealth. However, if the 2nd-lord is ill-placed or if a natural malefic planet is situated in the 2nd or aspects it, then your family-members may suffer from diseases and your inimical relatives might cause you troubles. In addition, if the 6th-lord is a natural malefic planet and if the Sun or the Moon is ill-placed, then you may have defective eye-sight, wear specs., and your speech may become somewhat indistinct.

Lord of 7th House

In your chart, the seventh-lord is situated in the eleventh house, which is called the house of gains (Labha). If your Ascendant is Virgo, you will be highly fortunate in respect of your spouse and children as the 7th-lord will be exalted in the 11th. If your Ascendant is Leo, then you will be in good terms with your relatives and your enemies will turn into your friends. If the 7th-lord or the 11th-lord is well-placed or if a natural benefic planet is situated in the 7th or the 11th, you will have good gains from your spouse and will have excellent earnings from your own business venture; you may find prospective business-partners in your friends' circle with whom your relationship will remain very cordial. As the 7th rules over foreign tours while the 11th indicates any distant place in the world, you may have successful foreign tours and may have good earnings from foreign connections. But if both the 7th and the 11th houses are under influences of malefic planets while Venus is also ill-placed, then you may have problems in married life, might be tempted to have illicit relationships, may think of divorce/ separation and may even opt for having a second-marriage. If the 11th-lord is well-placed or if a natural benefic planet is situated in the 11th or aspects it, you will have a large circle of friends and your cherished desires will be fulfilled; but if the malefic planets are influencing, then you might be troubled by jealous and mean people.

Lord of 8th House

In your chart, the eighth-lord is situated in the second house, which is called the house of wealth (Dhana). Since from such position, the 8th-lord will aspect it's own house, this position is favourable for female natives as the 8th governs over marital well-being (mangalya); for the male natives also the position is fairly good as it ensures good longevity and arouses deep interest in the occult and mystic subjects. In respect of inheritance and for having gains from insurance sources and/ or loans from the financial institutions, the position is favourable -- more so if the 8th-lord himself is a natural benefic planet or it is either associated with or aspected by such a planet. If your Ascendant is Leo, then you will be specially fortunate as the 8th-lord Jupiter, who will act more as the 5th-lord, will give rise to 'Dhana Yoga'; you will have a happy family with worthy children and as Jupiter aspects the 10th house, you will occupy a prestigious and lucrative position, socially you will be respectable and you will enjoy unsullied reputation. If the 8th-lord is a natural malefic planet or is situated with or aspected by such a planet while the 2nd-lord is also ill-placed, then there could be untoward happenings in the family and loss of wealth will be the result.

Lord of 9th House

In your chart, the ninth-lord is situated in the second house, which is called the house of wealth (Dhana). This is one of the important 'Dhana Yoga' combination and you will become very highly fortunate. If the 2nd-lord is situated in the 2nd or the 5th or the 9th, then the beneficial results will be further boosted. If your Ascendant is Virgo or Pisces, then the 9th-lord will be the 2nd-lord also and for being situated in own-house, they will boost the blessings of 'Dhana Yoga' further. However, if your Ascendant is Taurus, Gemini, Leo or Pisces, your 9th-lord will be a dire malefic planet which can make your speech harsh and may cause some dissensions in the family; this problem will be mitigated if the 2nd-lord is well-placed or if a natural benefic planet is situated in or aspects the 2nd house. As the 2nd rules over family, wealth, etc whereas the 9th signifies fortune, father, foreign country, etc., your father may have influx of wealth which might be from foreign sources and your family-wealth will greatly increase. As the 9th is the 5th from the 5th while the 2nd is the 10th from the 5th, your children will be very successful in profession and will occupy prestigious positions; they may do well in entertainment or investment fields.

Lord of 10th House

In your chart, the tenth-lord is situated in the fourth house, which is called the house of happiness (Sukha). This is a highly favourable combination; you will be a highly active person and will be fortunate in respect of your profession as the 10th-lord aspecting its own-house will make you fortunate in respect of your profession. You will do well in your birth/ native place -- more so if the 4th-lord is well-placed; if your 7th-lord is well-placed, then you may successfully run your own establishment. Different results are given by the various planets when well-placed in the 4th : if it's the Sun, then dealing in gold ornaments or wooden furnitures; if it's the Moon, then dealing in silver ornaments or medicine and/ or public utility goods; if it's Mars, then you may run a hotel/ restaurant or may become a property-dealer; if it's Mercury, then you may be in teaching profession or run a coaching/ training institute; if it's Jupiter, then you will be engaged in a respectable profession; if it's Venus, then you may be engaged in designing fashionable dresses or deal in precious gem-stones; if it's Saturn, then you may be dealing in agricultural produce or minerals. If your Ascendant is Sagittarius, then the 10th-lord, which is the 7th-lord also, will be debilitated in the 4th; if Jupiter or Venus is not well-placed, then although you may earn well, you may be engaged in a not-so-very-honourable trade like dealing in fish or footwear; you may not be well-educated or your spouse may not hail from a respectable family -- unless modifying influences operate in your chart.

Lord of 11th House

In your chart, the eleventh-lord is situated in the eighth house, which is called the house of longevity (Ayus). This is not a favourable position as you may not have a regular source of earnings although you may have occasional gains in bulk through some unusual activities which might involve taking great risks; owing to some obstructions or untoward developments occurring suddenly, at times your sources of earnings may run dry . If you have an elder brother, then his health and well-being might cause you serious concern while one of your intimate friends may meet with some grave misfortune which might cause you great pain. As the 8th rules over vicious people while the 11th rules over friends, you may have some friends who live dangerously by 'playing with fire'. As the 11th house rules over arms and the 8th house rules over weapons, you may acquire some weapons and learn the art of using them -- more so if a natural malefic planet is situated in or aspecting the 11th house and the 8th house is also similarly disposed. If the 3rd-lord is situated in the 10th house or aspects it, then you may wish to cause harm to some other people; if the 7th house is not well-disposed in your chart, then some people may become a victim of your cruel wrath. If Mars and Saturn or Jupiter and Venus are in opposition, or if one of the former is in opposition to one of the latter, then you may get badly entangled in criminal proceedings.

Lord of 12th House

In your chart, the twelfth-lord is situated in the eighth house, which is called the house of longevity (Ayus). This is a favourable combination in respect of having material gains as a trika-lord situated in another trika house gives rise to beneficial 'Veepareeta Raja Yoga'. This yoga favours having sudden gains from unexpected sources but this happens in a place quite far away from the birth or native place. But for its peculiar attribute, you may tend to live dangerously and you may have some secret enemies in your circle who might seek to cause you harm. You will possess a special ability to effectively utilise any available opportunity; but you may have to use dubious methods for fulfilling your purpose, which may later create problems for you. You may tend to take big risks and consequently may remain in perpetual tension. Although normally you will remain in good health and high spirits, accidental mishaps might occasionally lead you to bed-ridden condition and you may need

hospitalization for short-durations.

If a natural benefic planet is situated in the 12th house or aspects it, you may become very extravagant; but

if a natural malefic planet is placed in the 12th house or aspects it, you may run the risk of incurring losses.

Results for Planets in Houses

Sun

Since the Sun is situated in your 2nd house, you will receive favours from your superiors, benefits from government sources and through your association with the people of rank and status. If a natural benefic planet is also in the 2nd or aspects it, you will have good gains and lead a happy family life; but if a natural malefic planet is also in the 2nd or aspects it, then the results will be the opposite. If a "combust" planet is in the 2nd, then you may suffer from some disease, your speech may become harsh and you may quarrel with your family-members. If your Ascendant is Pisces, the Sun will be exalted and, as the 5th-lord in the 2nd, it will offer auspicious 'Dhana Yoga' results; you will earn well from speculative investments and will be fortunate in respect of your family and children. If your Ascendant is Cancer, then the Sun will be in own-house and will make you fortunate in respect of family and wealth. If your Ascendant is any other, then you may have some problems with your eye-sight. If your Ascendant is Virgo, the Sun will be debilitated and, as the 12th-lord in the 2nd, it will offer inauspicious 'Dainya Yoga' results; if Venus is not well-placed, then you may have to meet with heavy wasteful expenditures and may even incur big losses.

Mercury

Since Mercury is situated in your 2nd house, you will have your gains through educational institutions, writing/ editing, correspondence/ communications and also through acquired skills or common industries. With this position, some chance of loss by theft or sharp practices are feared -- unless your Ascendant is either Taurus or Leo. If Ascendant is either Taurus or Leo, you will be fortunate in many respects as own house or exalted Mercury will help you to accumulate cash by proper utilisation of your education and learning. If Mercury is debilitated or is retrograde or if it is situated in movable or chara signs (Aries or Cancer or Libra or Capricorn), you are likely to become a clever speaker and may do well as a broker or an agent. If Mercury is associated with the Sun or Jupiter or Venus or even Saturn, you will be far less likely to lose your discretion; but if it is associated with or aspected by Mars or the Moon or Rahu, you may become your own enemy and unnecessarily spoil relationships even with your own people. If Saturn or Ketu is close to Mercury, you may habitually speak less except when the subject interests you.

If the Sun is with it, you will enjoy the favourable results of 'Budhaditya Yoga' if either of the planets is well-placed and you will have good academic accomplishments; else, you will enjoy the results of 'Nipuna Yoga' and gain some expertise in some common arts which can find useful application in your profession.

Venus

Since Venus is situated in your 4th house, you will be fortunate in all your affairs in general. As Venus gains directional strength (Dik Bala), you might be very fond of home-life and your native place -- more so if Venus is exalted (which happens if your Ascendant is Sagittarius) or if Venus is in own house (which can be if your Ascendant is Cancer or Aquarius); in all these cases, you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga' and you are likely

to gain proficiency in some field of fine arts. You will be a peace-loving person, fond of personal adornments and will wish to lead your life in comfort and style. You will enjoy the company of agreeable people and the members of the opposite sex will attract you more. If your Ascendant is Gemini, then Venus will be debilitated in the 4th; this may offer some undesirable results but if Mercury is well-placed or if Jupiter or the Moon is associated with it or aspects it, then the blemish will be mitigated. Even Saturn can remove the blemish if situated with Venus or aspects it.

Mars

Since Mars is situated in your 8th house -- unless Mars is exalted or is situated in own-house or is associated with or aspected by a natural benefic planet -- you are more apt to live dangerously -- in quite a literal sense of the term -- and during your active life you may find special pleasure by playing with fire. It will be more so if you are a male person; you may actively take part in adventurous explorations and/ or may become adept in martial arts. If a natural malefic planet is with it or aspect it, then you may take part in physical combat and might even be tempted to take the law into your own hands. If the 8th-lord is well-placed and the Ascendant-lord is also similarly disposed, you won't have the risk of facing a premature exit to the other world. If your Ascendant is Gemini, then exalted Mars in the 8th might give you a hair-breadth escape while if your Ascendant is either Aries or Virgo, then own-house Mars will save your life -- if there are no affliction in your chart. If your Ascendant is Sagittarius, then you may face a serious accidental mishap in a far-away place and if a natural benefic planet is with Mars or aspects it, you will pull through. In other cases, if another malefic planet or the Moon is close to Mars, you may have to face a violent end.

Jupiter

Since Jupiter is situated in your 8th house, you will be fortunate in many respects. Your spouse will hail from a considerably wealthier family and your family-life will be peaceful, happy and endowed with abundance. You will remain in good health, won't need any major surgical treatment, won't have to face any accidental mishap, remain free from nagging problems and won't need to fight any law-suit. You will have good gains through inheritance and receive large benefits from major financial institutions. If your Ascendant is Sagittarius, then your Ascendant-lord Jupiter exalted in the 8th will give you all round prosperity and happiness. If your Ascendant is Aries, Taurus, Cancer, Leo or Capricorn, then you will enjoy the beneficial results of 'Veepareeta Raja Yoga' as you will become suddenly rich in a spectacular way; however in case of Cancer Ascendant -- unless Saturn is well-placed -- you may suffer from high blood-pressure. But if your Ascendant is Gemini -- unless Saturn is well-placed -- you may incur losses in business and may have to take up jobs in private organisations which may not last long. If Jupiter is not 'combust', the position is favourable as it offers divine protection although unless your Ascendant is Taurus, Leo or Sagittarius, you may not be truly religious-minded and may have distorted views. You will be well-placed in life and will enjoy a lasting reputation. Your longevity will be high and even your final 'exit' will be in your own place, in a peaceful environment amidst your family-members and without any suffering.

Saturn

Since Saturn is situated in your 9th house, you will have a studious and thoughtful nature, a religious spirit and a taste for philosophy. If your Ascendant is Taurus or Gemini or Aquarius, then Saturn will be exalted or in own house and you will be exceedingly fortunate. If Mercury is also well-placed, you will have high education and for continuing higher education or researches, you may go to a distant place or a foreign country. If the Sun or the 9th-lord is

also strong or if Saturn is associated with or aspected by Jupiter or Venus, your father might be a self-made person who would rise to an influential position and leave a raised platform for you for having an advantageous start. In other cases, if Saturn is neither associated with or aspected by a natural benefic planet, you may have a tempestuous sailing in your journey through life as you will have to face wide fluctuations. If Saturn is associated with or aspected by a natural malefic planet, then you may incur sudden losses through deceit among marriage-relations and/ or through law-suits. If your Ascendant is Leo and Mars is not well-placed, then you may meet with some dangers during long journeys and incur losses in distant or foreign places; head-injury also appears possible.

Moon

Since the Moon is situated in your 11th house, you will become very popular and will have good earnings through public dealings -- although with a cyclic kind of fluctuations. Your earnings will be more if the Moon is 'waxing', if the 11th-lord is well-placed and/ or if a natural benefic planet is with it or aspects it. If the Moon is 'waning', if the 11th-lord is not well-placed or if Ketu is situated with it, then your earnings can only be modest. If Saturn is with it or aspects it, then also the results will be similar -- unless Saturn is exalted or situated in own house in which case it would give good earnings from industries, mines or through agriculture. If Mars is situated with it, it would give rise to 'Chandra-Mangala Yoga' and will give influx of wealth through real estate, property-rentals, etc. If Rahu is with it, it will give good earnings -- although through convenient- and at times unscrupulous- means. If your Ascendant is Cancer, then you will have boosted earnings as the Moon will be exalted and if your Ascendant is Virgo, then also you will get similar results as the Moon will be in own house. But if your Ascendant is Capricorn, then debilitated Moon in the 11th will give unreliable friends and if modifying influences are not present in the chart, then you may not have good earnings through respectable means. This position gives many friends but a few lasting attachments; assures gains from and patronage of ladies and may give a number of female children.

Rahu

Since Rahu is situated in your 8th house, you may face serious problems from unexpected sources and if the 7th-lord or Venus is also not well-placed in your chart, then your married-life may not be very happy. The position will however be improved if Jupiter or Venus aspects it. If the Sun is situated with it, then the physical or mental health and well-being of your father might cause you some concern and your own state of health may not be very good. If the Moon is situated with it, you may suffer from wasting diseases during sometime in your life. If Mars or Saturn is with it or is placed in either the 6th house or the 7th house, then your married-life may not be happy or your spouse may not be long-lived; alternately, she/ he might opt for leaving you for ever and you may have to face a law-suit with her/ him. If Mars is situated with it or aspects it, you may have a dare-devil nature and if the 8th-lord is not well-placed in your chart, then you might receive accidental injuries from fire or weapons. If Mercury is situated with it or aspects it, then you may have much interest and gain some proficiency in mystic subjects like Astrology, Palmistry, etc. If Venus is situated fairly close to it, then your secret liaisons may soon become the talk-of-the-town.

Ketu

Since Ketu is situated in your 2nd house, you may not be very fortunate in respect of your family-wealth -- unless the 2nd-lord is well-disposed. However, if Jupiter or Venus is with it or aspects it, then the situation will considerably improve while if a natural malefic planet influences it, then the situation will become only worse. Good results are expected if Ketu is

situated in sign Scorpio; the results will be adverse when it is in sign Taurus or is together with Saturn in any sign other than Libra, Aquarius or Capricorn. If Ketu is with the 2nd-lord or if Mars is with the 2nd-lord or aspects it, then if you are male, you may be a heavy smoker (if that is not prohibited in your community); besides, your teeth may start decaying early. If Mars is with it or aspects it, then you may have some fear from fire or intake of wrong medicine or poison.

Unless the 2nd-lord is well-placed, and if no natural benefic planet is with it or aspects it, this position is not favourable for having happiness in marriage; if a natural malefic planet is with it or (except Rahu any) aspects it while the 7th-lord is not well-placed, then the span of your married-life may come under doubt.

Uranus

Since Uranus is situated in your 11th house, you may have eccentric and unreliable friends; if the 11th-lord is associated with or aspected by malefic planet(s) only, then you may become an incorrigible eccentric yourself. Things will however be improved for the better if Jupiter or Mercury is situated with it or aspects it; you would then be endowed with some special abilities for which people will treat you with respect. But if it is associated with or aspected by retrograde natural malefic planet(s) only, then some serious troubles of unusual sort are obscurely foreseen which might deflect you from your usual path and may even change your life-pattern abruptly. If Uranus is associated with or aspected by the Moon, then you may indulge in romantic love-affairs; but if it is under the influence of natural malefic planet(s) only, then you may have impulsive attachments which would prematurely end in hatred. If the 3rd-lord is associated with it or aspects it and the 4th-lord is also under the influence of natural malefic planets, then you will run the fear of having estrangements from your kindred and friends more than once in your life. If the 10th-lord is also under the influence of natural malefic planet(s) only, then you may roam around like a rolling stone.

Neptune

Since Neptune is situated in your 11th house, you may have some strange and unaccountable attractions and alliances; your friends may have seductive appearances, your advisors might be unreliable, your spouse might be liable to moral delinquency and may create havoc in your friends' circle. Although you may not be directly responsible for the acts of commission or omission of your associates, these are almost sure to raise eye-brows of the curious onlookers and 'U-2' may soon become the talk-of-the-town. However, if the 11th-lord is well-placed or a natural benefic planet is situated with it or aspects it, then the situation will be considerably modified for the better. But if the 11th-lord is badly placed or more than one natural malefic planets are situated with it or aspect it, then the situation will considerably worsen and you may have to badly suffer as a result of treachery or deception caused by your spouse and/ or supposed friends; if Venus is also under the influence of natural malefic planets only, then your tragic 'history' might be making rounds in the locality as a spicy 'story' to be remembered, re-told and listened to many-a-times.

Pluto

Since Pluto is situated in your 9th house, you may refuse to adhere to tradition and your interest in un-orthodox forms of religion might be aroused -- more so if Jupiter is not well-placed in your chart. If a natural malefic planet is situated with it or aspects it, then you may become an agnostic -- if not an atheist outright. If your 4th-lord is not well-placed, then you may have radical views and may actively take part in political and kindred affairs; you may even have to embrace exile at a young age owing to fear from your enemies in consequence of your own thoughtless actions or misdeeds. But the situation will be improved

for the better if Jupiter or Venus is situated with it or aspects it. If Saturn and Mercury are well-placed in your chart, you may be an ardent globe-trotter or you may have connection with air travel or you may have great interest in meteorology and space explorations. If Mars is influencing, then you may have connection with radio-active substances or explosives; if Venus is influencing, then you may have some connection with radiations like X-Rays; if Mercury is influencing, then you might be known for your inflammatory speeches/ writings; if Rahu or Ketu is with Pluto, then you may have connection with acids, fumes, etc.
